Subscription may be requested thru e-mail at icsu-hd@namria.gov.ph
THE PHILIPPINE NOTICES TO MARINERS is the monthly publication produced by the Hydrography Branch of the National Mapping and Resource Information Authority (NAMRIA). It contains the recent charts correction data, updates to nautical publications, and other information that is vital for the safety of navigation on Philippine waters.

Copies in digital format may be obtained by sending a request through e-mail address: oss@namria.gov.ph or by downloading at the NAMRIA website: www.namria.gov.ph/download.php.

Masters of vessels and other concerned are requested to advance any report of dangers to navigation and other information affecting Philippine Charts and Coast Pilots which may come to their attention to the Director, Hydrography Branch. If such information warrants urgent attention like for instance the non-existence of aids to navigation or failure of light beacons or similar structure or discovery of new shoals, all concerned are requested to contact NAMRIA directly through the following portals:

Mail: NAMRIA-Hydrography Branch, 421 Barraca St., San Nicolas, 1010 Manila, Philippines
E-mail: oss@namria.gov.ph
Fax: (+632) 242-2090

The form at the back cover page of this publication must be used in reporting information on dangers to navigation, lighted aids, and other features that should be included in the nautical charts.
Explanatory Notes

1. The Philippine Notices to Mariniers is divided to following sections:

   **Section I. Index of Charts Affected** – Contains the list of all nautical charts which have
   been affected by Notices to Mariniers and the notice numbers which have affected them.

   **Section II-A. Notices to Mariniers** - Contains corrections to nautical charts in sequential
   number with the indication of the month and year of its issuance. The illustration below
   describes the elements that comprise a typical notice:

   ![Illustration of a typical notice]

   Notice No. preceded by asterisk “*” indicates that the information is based upon original
   Philippine source.

   **Section II-B. Temporary & Preliminary Notices** – Contains Notices to Mariniers that
   temporarily affects the nautical charts or have preliminary information that is subject to
   further verification. The capital “P” or “T” affixed in the number of any notice denotes
   “preliminary” or “temporary”, respectively.

   **Section III-A. Corrections to List of Lights** – Contains the corrections to the latest
   edition of the Philippine List of Lights. The entire entry for each light will be printed and
   the columns that contains updates will be denoted by an asterisk “*”. All columns will be
   denoted by asterisks in the case of new lights.

   This section is intended to be cut out and pasted on the section of the List of Lights that is
   being corrected.

   All updates to lighted aids, including their operational status, will be published in this
   section. All directions and bearings are measured clockwise from true the North 000° to
   360°. Bearing on lights is based on the observer from seaward toward the light. The
   visibility assigned to the lights never exceeds the calculated distance at which they can
   be seen from a height of 4.57 meters above the level of the water at high tide.
Changes in aids to navigation, their maintenance and correction of deficiencies in operation are under the operation of the Philippine Coast Guard. Report of defects and recommendations concerning aids to navigation should be forwarded to the Commandant of the Philippine Coast Guard.

**Section III-B. Coast Pilot Corrections** – Contains the corrections to the latest edition of the Philippine Coast Pilot book.

**Section IV. Navigational Warnings** – Contains the reprints of all previously issued navigational warnings that are still in effect as of the publication date of this edition of the Philippine Notices to Mariners.

**Section V. Publication Notices** – Contains the latest updates on the nautical charts, electronic navigational charts, and other nautical publications of NAMRIA.

2. NAMRIA issues Notices to Mariners and Navigational Warnings sourced from private entities, foreign publications, national government agencies, and local government units. Such information is published for the sake of safety of navigation on Philippine waters and does not imply recognition of the legal validity of the information issued by the abovementioned sources.

3. While every effort is made to ensure the accuracy of NAMRIA nautical charts and publications, users should bear in mind that it may not be complete or up-to-date, especially in areas where there are extensive developments. Mariners are advised to exercise prudence and to also refer to all navigational equipment aboard ship and use a lookout during navigation.

4. **WARNINGS:** Masters of vessels are warned that great care should be exercised in navigating Philippine waters because of the low visibility and occasional failure of some temporary lights. Buoys and beacons are sometimes lost or destroyed specially after typhoons. Temporary deficiencies in the standard aids to navigation published in this office may have been corrected before subsequent notice is issued.

5. Positions obtained from satellite navigation systems, such as GPS, are normally referred to the WGS-84 Datum. Such position may only be plotted on NAMRIA nautical charts that are also referred to the WGS-84 Datum. Mariners should take note that due to the age and quality of some of information, such satellite-derived positions may be more accurate than charted details.
Nautical Charts, Topographic Maps, Tide and Current Tables and related publications are available for sale at the following NAMRIA Map Sales Offices (MSO):

PUBLICATION NOTICES

1. Correction

The Publication Notice published in the May 2017 Edition of the Philippine Notices to Mariners should read as follows:

Chart 1548 – Southern Part of Tañon Strait and Cebu Strait to Bohol Sea
Scale 1:150,000, 1st Edition, 17 May 2017

Call the NAMRIA Map Sales Office (MSO) – Manila Branch at telephone number (+632) 241-3494 local 117 for details regarding the purchase of the abovementioned nautical charts.
REQUEST FOR CORRECTIVE INFORMATION

Mariners are requested to notify the *Hydrography Branch, NAMRIA* of any changes or discrepancies found on Charts published by this office especially if this affect navigational safety in Philippine Waters. Reports may be sent by facsimile (FAX No. (632) 242 20 90) or by speed mail to:

NATIONAL MAPPING AND RESOURCE INFORMATION AUTHORITY
Hydrography Branch
421 Barraca Street, San Nicolas
1010 Manila, Philippines
Attention: Maritime Affairs Division

Reports may also be sent by electronic mail (e-mail) to:

marine.affairs@namria.gov.ph

*(Please send the information in format similar to that found at the back cover of this publication)*
